Note change of address from Inglewood. After 30 years we are moving from a city that grew around us to a more favorable atmosphere for growing our plants.

SOMETHING SPECIAL: With YOUR FIRST ORDER from our new location we will include a beautiful SPECIMEN cut of the most desirable Cactus plants. Mammillarias, Cephalocereus, Cereus, Notocactus, etc., with directions for handling. One for each hundred, TEN for each thousand plants in our collections. Value \$2.50 each.

SUPER SELECTION

This is one of our STANDARD selections. In our regular shipping stock, (where the majority of the plants may be placed in the \$5.00 per 100 collections) there are often several individuals that seem to have prospered better than their fellow plants. These "best from the shipping flats" are used together with some of the higher priced kinds to make up our SUPER SELECTION, at \$10.00 per 100, \$90.00 per 1000.

WONDER COLLECTION

100 all different Cactus, Succulents and other novelty plants

\$ 5.00 per 100
\$45.00 per 1000

For twenty years this collection of plants has been our best seller.

The all purpose selection that has satisfied both our wholesale customers and their retail trade. One hundred all different plants of the most curious, interesting and beautiful forms in the world. Selected for their unusual shapes, pleasing texture and kaleidoscopic colors.

The greatest variety possible in one hundred plants, and new kinds are added constantly.

CANADIAN SPECIAL

This is the collection of international repute. Every year it is shipped to many parts of the world. Selection is made with the time in transit considered.

However, unless more variety and other novelty plants are requested this selection consists of fifteen kinds of Cactus, and five kinds of African Succulents such as Aloes, Haworthias, Euphorbias, etc. The best of the slow growing cactus and succulent plants. Order this where a delay in handling may occur.
